237120	Oil & Gas Pipeline Related Structures
237130	Power & Comm. Line Related Structures
238990	Other Specialty Trades

Even though Belgray is a new company, our biggest strength is in our people and their experience:

Kipp Boone, PE, CPESC – 17 years of experience in roadway, airport and bridge projects including runway and taxiway work, excavation, concrete paving and working with the FAA and USACE

Tony Donofrio – 30 years of experience in roadway projects, experience in mechanical dredging, airport work, landscaping, bridges and working with the FAA and USACE

Dale Geuy – 25 years of experience in roadway projects and site development along with deep pipe (water, storm, sanitary), airport projects, and small bridges

Shane Lipps – 10 years of experience in all aspects of roadway projects including underground, grading, excavation, concrete pavement and small bridges
